ART CONNECTED 2018

This is the third year that the Kedem Community has coordinated this innovative exhibition offering a meeting place for creative, innovative, talented emergent and established artists who use a range of mediums including oils, photography, sculpture, ceramics and more to connect with an Art loving community. This event showcases artists in a one day marketplace filled with life, energy, entertainment and information.

Art Connected aims to develop connections between artists, supporters and buyers. More than simply an exhibition, Art Connected is an opportunity for artists to network and interact in an informal and supportive environment, talking directly to those interested in their work and finding out what appeals to their audiences. All artworks will be for sale on the day.

Drawing its audiences from the strongly art-engaged Jewish community and the wider community of the Stonnington and Glen Eira areas, Art Connected is an exciting cultural event that brings new buyers and supporters every year. This year we have extended out to a broader community and 'Pol the Painter' a well known street artist from Fitzroy will be exhibiting.

Art Connected has been developed into an annual event appearing in the areas cultural calendar, the event is hosted by Kedem - a vibrant, participative and innovative Progressive Jewish Community that embraces diversity and is inclusive and open to all.

For VIP breakfast tickets, entry tickets, sponsorship options or exhibiting as an artist please contact Rosi at the Kedem office on 9576 2277 or email rosi.kedem@outlook.com or Lynda on lynda.kedem@outlook.com
